Belle Baby Carrier

Designed by two rock climbing dads, the Belle Baby Carrier is one of the new additions to [In Style Moms](#) offerings.

The Belle is super soft and the interior lining feels like a teddy bear! What could be better than a carrier that feels like a teddy bear hug? Your baby will love it!

The [Belle Baby Carrier](#) offers a five-point support system that allows you to carry baby facing toward you or away from you. Belle offers modern style with a gorgeous assortment of luxurious fabrics for the *In Style Mom!*
