Congratulations, you've had a baby!

You are working on keeping yourself look put together and baby is always dressed cute so why are you wearing a boring tan baby sling or pushing around that huge stroller? Wear your baby in a stylish way! Don't settle for boring earth tones, you've got more style than that!

Here are my top choices for stylish babywearing:

Belle Baby Carrier (worn by Julia Roberts!) This carrier is handcrafted from luxurious, strong, and durable fabrics. Belle offers the colors, styles and unique designs that compliment your active lifestyle! Plus it is super lightweight and designed for comfort!
