MOM2B Trade Show: Modern Maternity's Growing Market

Accessories and Extras

Everything unique was at MOM2B. Tiny Baubles presented the "waiting band" for when moms-to-be can no longer fit in their wedding ring. Belle Baby Carrier special design displaces load distribution from the shoulders to the hip for longer wear. OYikes! Bags were designed for those juggling parenthood and career. Other vendors promoted nutritional snacks, stationery, diaper solutions, baby clothes, shower gifts and more. JK
