One Chic Mama Giveaway: Belle Baby Carriers

There are so many baby carriers out there now, it's hard to choose which one is right for you. Do you choose form or function? Often times the carriers that are best for your baby and your back are not the most attractive, but the prettiest ones often don't seem strong enough to support a growing baby. But [Belle Baby Carriers](#) are a great option and are as functional as they are fashionable.

Created by a team of dads, one an engineer and one a "product design genius", Belle is so named for their two daughters (Isabel and Isabelle), and offers up a great choice of carrier for your baby. The [Belle Baby Carrier](#) is handcrafted in Colorado, with production carefully monitored for quality. The Belle has an easily-adjustable, five-point support system to carry your baby's weight on your hips and keep the pressure off your back. Available in several fashionable prints including cheetah and cherry deco as well as two organic options, the Belle sells for \$89.95 - \$99.95.
